Volusia County Schools ART Curriculum Map

ART: Grade 1

(5001020)
Vision Statement

Through the individual commitment of all, our students will graduate with the knowledge, skills, and values necessary to be successful contributors to our democratic society.
ART – GRADE 1 (5001020)

VERSION DESCRIPTION
Grade one art includes experimenting with a variety of concepts and ideas in art and digital media and processes while using materials correctly and safely to convey personal interests. Students use accurate art vocabulary, terms, and procedures during the creative process to describe and talk about their work.

GENERAL NOTES
All instruction related to Visual Art benchmarks should be framed by the Big Ideas and Enduring Understandings. Non-Visual Art benchmarks listed in this course are also required and should be fully integrated in support of arts instruction.

Special Note: This course incorporates hands-on activities and consumption of art materials.

English Language Development ELD Standards Special Notes Section:
Teachers are required to provide listening, speaking, reading and writing instruction that allows English language learners (ELL) to communicate for social and instructional purposes within the school setting. For the given level of English language proficiency and with visual, graphic, or interactive support, students will interact with grade level words, expressions, sentences and discourse to process or produce language necessary for academic success. The ELD standard should specify a relevant content area concept or topic of study chosen by curriculum developers and teachers which maximizes an ELL’s need for communication and social skills. To access an ELL supporting document which delineates performance definitions and descriptors, please click on the following link:

- Respect is shown for the artwork of peers and copyrighted works of others.
- Students have opportunities to build 21st-century skills to aid them in middle and high school and well beyond.
- All instruction related to Visual Art benchmarks should be framed by the Big Ideas and Enduring Understandings.

- Big Ideas are the major organizing points for arts education in Florida and provide a broad overview of what students should know and be able to do. They include descriptive material to help focus sequential instruction throughout K-12. Big Ideas are not designed for measurement purposes.
- The Enduring Understandings (EUs) are subsets of the Big Ideas, providing a more focused view of arts education and targeted understandings for Florida’s students to begin building during the primary grades, where foundations are laid, through to students’ arts experiences in high school and beyond. Like the Big Ideas, they are not designed for assessment purposes; rather they’re expressed in general terms that will allow arts teachers at the classroom level to identify or design Essential Questions for planning purposes.
- Benchmarks/standards drive instruction in Florida’s classrooms and, therefore, have been made specific and measurable. Organized under each Big Idea and Enduring Understanding, the benchmarks/standards explicitly describe what students should know and be able to do in Visual Art. These benchmarks/standards address other topics of learning such as literacy, math, civic engagement, problem-solving, creativity, innovation, cross-cultural understandings, 21st-century skills, and the importance of concepts involving learning and the brain such as cognition, sequencing, filtering, and delayed gratification.

- The Florida Standards are incorporated into every Volusia County Art course.
## HOW TO INTERPRET THE CURRICULUM MAP

### Grade 1 Visual Art Curriculum Map

- **Top of Map:** course and grade level in larger font
  - **VISUAL ART - 5011020**
  - **Grade 1**

#### 1st Quarter, Recommended Topic, Art Standard (learning target/skills) and Standard # are all in white font on dark background for easier finding as noted by:

- **1st Quarter, INNOVATE ART:** Create and discuss...
- **VA.1.C.1.1**

#### MAP:

- Standards and assessed content to be addressed per quarter have white background, and are in either in yellow highlight or under yellow filled columns.
- Resources and recommended or suggested content is located in columns with grey backgrounds.

### Under Recommended Topics:

- Unit 1-6 (art content) are divide among the 4 quarters for recommended lessons/activities and artists.
- Integrated connections are listed per quarter for when language arts, math, science, and social studies are taught grade level.

### Rubrics at end of interim and marking period:

- Rubric (“Special Area Grading”) per 9-week grading period
- FAEA Rubric for completed 2D and 3D art work
- General Visual Art Rubric

### Florida Standards Required by Florida DOE for this Course

- **Course Number:** 5001020 Art – GRADE 1

#### ELD.K12.ELL.SI.1
- **English language learners communicate for social and instructional purposes within the school setting.**

#### HE.1.C.1.6
- **Emphasize the correct names of human body parts.**

#### HE.1.C.2.4
- **Recognize health consequences for not following rules.**

#### Remarks/Examples:
- Injuries, arguments, hurt feelings, and pollution.

#### LAFS.1.RL.1.2
- **Retell stories, including key details, and demonstrate understanding of their central message or lesson.**

#### LAFS.1.SL.1.1
- **Participate in collaborative conversations with diverse partners about grade 1 topics and texts with peers and adults in small and larger groups.**

#### LAFS.1.SL.1.2
- **Ask and answer questions about key details in a text read aloud or information presented orally or through other media.**

#### LAFS.1.SL.1.3
- **Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.**

#### LAFS.1.SL.2.5
- **Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.**

#### MAFS.1.G.1.2
- **Compose two-dimensional shapes (rectangles, squares, trapezoids, triangles, half-circles, and quarter-circles) or three-dimensional shapes (cubes, right rectangular prisms, right circular cones, and right circular cylinders) to create a composite shape, and compose new shapes from the composite shape.**

#### MAFS.1.G.1.3
- **Partition circles and rectangles into two and four equal shares, describe the shares using the words halves, fourths, and quarters, and use the phrases half of, fourth of, and quarter of. Describe the whole as two of, or four of the shares. Understand for these examples that decomposing into more equal shares creates smaller shares.**

#### SC.1.L.14.1
- **Make observations of living things and their environment using the five senses.**

#### SS.1.A.2.1
- **Understand history tells the story of people and events of other times and places.**

In addition to the listed benchmarks and standards, the following mathematical practices are required content:

- **MAFS.K12.MP.5.1:** Use appropriate tools strategically.
- **MAFS.K12.MP.6.1:** Attend to precision.
- **MAFS.K12.MP.7.1:** Look for and make use of structure.

### Structural Elements of Art and Organizational Principles of Design

“When content limits do not specify the elements of art or principles of design, the following list may be used. The list is compliant with the overall content Florida’s state-adopted textbooks as of May 2014 and has been approved by state-level content experts.

NOTE: Concepts related to the listed elements and principles may be assessed under the umbrella concepts given. Examples are provided in parenthesis for reference but should not be taken as all-inclusive. Related, grade-appropriate concepts may be assessed as long as they are treated as a specific instance of a parent Element and Principle that is listed below.”

#### Elements of Art:
- Line
- Shape (organic, geometric, positive, negative)
- Form
- Color (hue, primary, secondary, etc.)
- Value (tint, shade)
- Space
- Texture

#### Principles of Design:
- Balance (symmetry)
- Unity (dominance, harmony)
- Variety
- Emphasis
- Pattern
- Proportion (scale)
- Movement
- Rhythm

<tbody>
<tr>
<td><strong>4 Points</strong></td>
<td>Spelling of complex and simple words is correct. Effective use of punctuation guides reader through text. Shows mastery of grammar Sufficiently long and complex enough. Needs little or no editing.</td>
</tr>
<tr>
<td><strong>3 Points</strong></td>
<td>Common words are correctly spelled. Spelling of more complex words is usually correct. End of sentence punctuation is always correct. Few mistakes with internal punctuation. May contain lapses in usage but not enough to distract the reader. Minimal editing required.</td>
</tr>
<tr>
<td><strong>2 Points</strong></td>
<td>Some misspelling of common words. End of sentence punctuation is usually correct. Internal punctuation contains some errors. Text may be too simple to demonstrate mastery. Errors in usage may interfere with meaning. Significant editing required.</td>
</tr>
<tr>
<td><strong>1 Point</strong></td>
<td>Frequent misspellings of common words. Incorrect or random use of end of sentence punctuation. Little or no internal punctuation. Infrequent or incorrect use of capitalization. Errors so severe that it is difficult to focus on meaning. Excessive editing required.</td>

**FOCUS of the Elementary Visual Art Program is to:**

- Introduce art and artists (Jacob Lawrence and Faith Ringgold)
  - Free Clip Art & Public Domain Images
- Improve skills and increase knowledge of art techniques
- Activate prior knowledge
- Use literature, main idea, and details
- Integrate with themes and other subjects to make connections
- Expand research capabilities for art history & culture
- Collaborate
- Grow imagination, creativity, and innovation
- Acquire aesthetic perception and awareness through art criticism, analysis, assessment, and presentation.
- Learn about exhibiting quality works,
- Explore art and art-related careers.

For Grade 1, the SRA Art Connections text and ancillary materials support the focus with references throughout this curriculum map.

The following pages provide a quick reference for locating art content in the Grade 1 art text.

Partnership for 21st Century Skills

The 4C’s – Communication, Collaboration, Critical Thinking, and Creativity

21st Century Skills are embedded in NGSS Visual Art

[http://www.arteducators.org/research/21st-century-skills-arts-map](http://www.arteducators.org/research/21st-century-skills-arts-map) for general information

The Partnership for 21st Century Skills maps demonstrate how the three Rs and four Cs (critical thinking and problem solving, communication, collaboration and creativity and innovation) can be fused within the curriculum. All of the maps are organized around 13 skills areas, with examples of how each subject can help students build skills in these areas at 4th grade, 8th grade, and 12th grade levels. [http://www.p21.org/storage/documents/P21_arts_map_final.pdf](http://www.p21.org/storage/documents/P21_arts_map_final.pdf)

The skills areas are:

- Critical Thinking and Problem Solving
- Communication
- Collaboration
- Creativity
- Innovation
- Information Literacy
- Media Literacy
- Information, Communication, and Technology Literacy
- Flexibility and Adaptability
- Initiative and Self-direction
- Social and Cross-cultural Skills
- Productivity and Accountability
- Leadership and Responsibility
**UNIT/ORGANIZING PRINCIPLE:**
Organizing Thoughts to Create and Complete Art

**VISUAL ART – 5001020**
Art - Grade 1

**ESSENTIAL QUESTIONS**
- How are art objects described?
- Where is art found?
- What are the uses of everyday art and/or objects?
- What are sources for art ideas?
- How does personal interest affect how or why an artwork is created?
- What art vocabulary is important for discussion of personal art?
- How is understanding procedures for use of tools and materials needed to improve artwork and/or increase skill and safety?

**Overview of Curriculum – Narratives for Grade 1: Q1f**

**WEEK 1-4**
Innovate is the current topic and students are continually assessed on the concepts included below as they create art.

**While creating, art students learn to:**
- Create and discuss works of art that convey personal interests.
- Use accurate art vocabulary to communicate ideas about art.
- Demonstrate safety procedures for using art tools and materials.
- Identify objects of art that are used every day for utilitarian purposes.
- Identify places in which artworks may be viewed by others.

A student producing work assessed as proficient would be able to demonstrate the ability to describe personally created work using art terms and specific details; knows where art or utilitarian objects can be viewed; and follows directions for safely using tools and materials in the art room.

**DUE:**

**September**
- Art Teachers’ Exhibit/ArtHaus
- Volusia County Schools – Safety Poster Contest

**October –**
- FAEA Conference
- Volusia County Fair

**ACADEMIC LANGUAGE**
Italicics = integration (text pages)

4 Points
Student demonstrates a thorough understanding of visual art concepts and/or procedures embodied in the task. The student has responded correctly to the task, used artistically sound procedures, and provided clear and complete explanations and interpretations.

3 Points
Student demonstrates an understanding of visual art concepts and/or procedures embodied in the task. The task is essentially correct with the visual art procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of visual art procedures or indications of some misunderstanding of the underlying artistic concepts and/or procedures.

2 Points
Student has demonstrated only a partial understanding of visual arts concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the student’s work lacks an essential understanding of the underlying artistic concepts.

1 Point
Student has demonstrated a very limited understanding of visual arts concepts and/or procedures embodied in the task. The student’s response is incomplete and exhibits many flaws. Although the student’s response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete.

0 Point
Student has provided a completely incorrect or uninterpretable response or no response at all.

General Rubric for Assessment of Conventions of Spelling, Punctuation and Grammar

4 Points
Spelling of complex and simple words is correct.
Effective use of punctuation guides reader through text.
Shows mastery of grammar Sufficiently long and complex enough.
Needs little or no editing.

3 Points
Common words are correctly spelled. Spelling of more complex words is usually correct.
End of sentence punctuation is always correct.
Few mistakes with internal punctuation.
May contain lapses in usage but not enough to distract the reader.
Minimal editing required.

2 Points
Some misspelling of common words.
End of sentence punctuation is usually correct. Internal punctuation contains some errors.
Text may be too simple to demonstrate mastery. Errors in usage may interfere with meaning.
Significant editing required.

1 Point
Frequent misspellings of common words.
Incorrect or random use of end of sentence punctuation.
Little or no internal punctuation.
Infrequent or incorrect use of capitalization.
Errors so severe that it is difficult to focus on meaning.
Excessive editing required.

VISUAL ART – 5001020 Art - Grade 1

1st Marking Period/Quarter
END of Marking Period Grade
PACING: WEEK 5-9

ESSENTIAL QUESTIONS

- How does self-expression contribute to visual communication?
- How does art reflect human experiences and surroundings?
- How are observational skills used to create art?
- How is understanding procedures for use of tools and materials needed to improve artwork and/or increase skill and safely?
- What 21st Century Skills are used in creating art?

Text: SRA Art Connections: Grade 1

Overview of Curriculum – Narratives for Grade 1: Q1s

WEEK 5-9

Innovate is the current topic and students are continually assessed on the concepts included below as they create art.

NOTE: Art class time is 35 minutes per session during each of the 4-5 weeks of instruction, (about 5 ½ hours of elective instruction per each 9-week marking period of 45 +/- days) or is dependent on the frequency of art classes for the elective schedule at the school. Each 35-minute class period includes instruction based on how artists form ideas and reflect on personal growth, new art skills, opportunity for students to respond creatively to the lesson and time for clean-up.

While creating, art students learn to:
- Describe visual imagery used to complete artwork.
- Demonstrate safety procedures for using art tools and materials.
- Use personal symbols in artwork to document surroundings and community.
- Use various art media and real or imaginary choices to create artwork.
- Follow directions for completing classroom tasks in a specified timeframe to show early development of 21st century skills.

A student producing work assessed as proficient would be able to demonstrate the ability to describe/draw symbols and real or imaginary images that reflect self-expression and/or human experience use various tools and materials to create artworks, and practice safety procedures in the art room.

- 1-2 Interprets personal ideas, feelings, and experiences using various media
- 1-6 Describes choices made in his/her artwork
- 1-7 Examines a variety of artwork that is created for a varied, specific purpose such as advertisements, cartoons

**Florida Standards**
- LAFS.1.RL.1.2 Retell stories, including key details, and demonstrate understanding of their central message or lesson.

**Use various art media and real or imaginary choices to create artwork.**
- Experiment with media and be able to name media used in artwork.
- Add choice of imagery for personal satisfaction and/or lesson objective.
- Decide reason for including images and/or media in artwork.
- Discuss reasons artwork is displayed when completed.

**Assessed Content:**
- 1-11 Creates personally meaningful works drawn from experience, observation or imagination

**Florida Standards**
- LAFS.1.SL.2.5 Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.

**Follow directions for completing classroom tasks in a specified timeframe to show early development of 21st-century skills.**

**CDE: 81-100 Grade Range which defaults to + (PLUS) on report card**

The student describes symbols and real or imaginary images that reflect self-expression and/or human experience while using various tools and materials to complete objectives and create artworks while practicing safety procedures in the art room.

**DEV: 61 – 80 Grade Range which defaults to ✓ (CHECK) on report card**

The student uses various media to complete works using real or imaginary images and/or symbols following safety procedures, but may have difficulty explaining how choices made reflect self-expression or the human experience.

**NDE: 0 – 60 Grade Range which defaults to ❌ (NULL) on report card**

The student struggles to complete objectives or works hastily not understanding how to use or describe the real or imaginary images and/or symbols in artwork; may ignore some safety procedures.

UNIT/ORGANIZING PRINCIPLE:
Creating Art for a Purpose

VISUAL ART - 5001020
Art – Grade 1

ESSENTIAL QUESTIONS

- How are art materials and tools used in a correct and safe manner?
- How are lines and/or various shapes organized to create images of people in action or at rest?
- What shapes are organized to show objects in a still life image?
- How is good craftsmanship defined?

Overview of Curriculum – Narratives for Grade 1: Q2s

WEEK 14-18

Develop Art is the current topic and students are continually assessed on the concepts included below as they create art.

NOTE: Art class time is 35 minutes per session during each of the 4-5 weeks of instruction, (about 5 ½ hours of elective instruction per each 9-week marking period of 45+/- days) or is dependent on the frequency of art classes for the elective schedule at the school. Each 35-minute class period includes instruction based on developing art skills to improve craftsmanship, understanding structural elements, opportunity for students to respond creatively to the lesson, and time for clean-up.

While creating, art students learn to:
- Practice correct use of tools with various art media, techniques, and processes.
- Practice skills and techniques to create with two- and/or three-dimensional media.
- Discuss the qualities of good craftsmanship.
- Demonstrate safety procedures for using art tools and materials.
- Identify and use the structural elements of art and organizational principles of design to support artistic development.

A student producing work assessed as proficient would be able to demonstrate the ability to organize structural elements in 2D and/or 3D artwork, advance art skills, and describe craftsmanship that is improved through repeated, varied, correct, and safe use of tools and processes.

CDE: 81-100 Grade Range which defaults to + (PLUS) on report card

The student advances art skills and improves craftsmanship through repeated, varied, correct, and safe use of tools, processes, and media to create 2D and/or 3D works.

DEV: 61 – 80 Grade Range which defaults to ✔ (CHECK) on report card

The student develops skills and craftsmanship through repeated, varied, correct, and safe use of tools, processes, and media to create art, but with limited organization or expression of the structural elements.

NDE: 0 – 60 Grade Range which defaults to ⬜ (NULL) on report card

The student struggles to improve 2D and/or 3D skills and craftsmanship due to limited repetition and/or correct and safe use of tools, processes, and media showing little knowledge of how the structural elements are organized.

Florida Standards Required by Florida DOE for this Course

Course Number: 5001020 Art – GRADE 1

(Highlighted are Included with visual art standards in Q2s)

- ELD.K12.ELL.SI.1 English language learners communicate for social and instructional purposes within the school setting.
- HE.1.C.1.6 Emphasize the correct names of human body parts.
- HE.1.C.2.4 Recognize health consequences for not following rules.

Remarks/Examples: Injuries, arguments, hurt feelings, and pollution.

- LAFS.1.RL.1.2 Retell stories, including key details, and demonstrate understanding of their central message or lesson.
- LAFS.1.SL.1.1 Participate in collaborative conversations with diverse partners about grade 1 topics and texts with peers and adults in small and larger groups.
- LAFS.1.SL.1.2 Ask and answer questions about key details in a text read aloud or information presented orally or through other media.
- LAFS.1.SL.1.3 Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.
- LAFS.1.SL.2.5 Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.
- MAFS.1.G.1.2 Compose two-dimensional shapes (rectangles, squares, trapezoids, triangles, half-circles, and quarter-circles) or three-dimensional shapes (cubes, right rectangular prisms, right circular cones, and right circular cylinders) to create a composite shape, and compose new shapes from the composite shape.
- MAFS.1.G.1.3 Partition circles and rectangles into two and four equal shares, describe the shares using the words halves, fourths, and quarters, and use the phrases half of, fourth of, and quarter of. Describe the whole as two of, or four of the shares. Understand for these examples that decomposing into more equal shares creates smaller shares.
- SC.1.L.14.1 Make observations of living things and their environment using the five senses.
- SS.1.A.2.1 Understand history tells the story of people and events of other times and places.

In addition to the listed benchmarks and standards, the following mathematical practices are required content:

- MAFS.K12.MP.5.1 Use appropriate tools strategically.
- MAFS.K12.MP.6.1 Attend to precision.
- MAFS.K12.MP.7.1 Look for and make use of structure.

4 Points
Student demonstrates a thorough understanding of visual art concepts and/or procedures embodied in the task. The student has responded correctly to the task, used artistically sound procedures, and provided clear and complete explanations and interpretations.

3 Points
Student demonstrates an understanding of visual art concepts and/or procedures embodied in the task. The task is essentially correct with the visual art procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of visual art procedures or indications of some misunderstanding of the underlying artistic concepts and/or procedures.

2 Points
Student has demonstrated only a partial understanding of visual arts concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the student’s work lacks an essential understanding of the underlying artistic concepts.

1 Point
Student has demonstrated a very limited understanding of visual arts concepts and/or procedures embodied in the task. The student’s response in incomplete and exhibits many flaws. Although the student’s response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete.

0 Point
Student has provided a completely incorrect or uninterpretable response or no response at all.

**Overview of Curriculum – Narratives for Grade 1: Q3f**

**WEEK 19-22**

**Connect With Art** is the current topic and students are continually assessed on the concepts included below as they create art.

**NOTE:** Art class time is 35 minutes per session during each of the 4-5 weeks of instruction in this grading period or is dependent on the frequency of art classes for the elective schedule at the school. Each 35-minute class period includes instruction based on historical references about artists, their work, style of art, and art skills, time for students to respond creatively to the lesson, and time for clean-up.

**While creating, art students learn to:**
- Use accurate art vocabulary to communicate ideas about art.
- Demonstrate safety procedures for using art tools and materials.
- Identify and be respectful of artwork that belongs to others and represents their ideas.
- Discuss suitable behavior expected of audience members.
- Identify how classmates solve artistic problems.
- Describe the use of art to share community information.

A student producing work assessed as proficient would be able to demonstrate the ability to correctly identify and communicate about student and/or community art solutions; and show appropriate safety, audience behavior, and respect for another’s work.

### Florida Standards Required by Florida DOE for this Course

| Course Number: 5001020 Art – GRADE 1
| Highlighted are Included with visual art standards in Q3f |

- **ELD.K12.ELL.SI.1**: English language learners communicate for social and instructional purposes within the school setting.
- **HE.1.C.1.6**: Emphasize the correct names of human body parts.
- **HE.1.C.2.4**: Recognize health consequences for not following rules. Remarks/Examples: Injuries, arguments, hurt feelings, and pollution.
- **LAFS.1.RL.1.2**: Retell stories, including key details, and demonstrate understanding of their central message or lesson.
- **LAFS.1.SL.1.1**: Participate in collaborative conversations with diverse partners about grade 1 topics and texts with peers and adults in small and larger groups.
- **LAFS.1.SL.1.2**: Ask and answer questions about key details in a text read aloud or information presented orally or through other media.
- **LAFS.1.SL.1.3**: Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.
- **LAFS.1.SL.2.5**: Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.
- **MAFS.1.G.1.2**: Compose two-dimensional shapes (rectangles, squares, trapezoids, triangles, half-circles, and quarter-circles) or three-dimensional shapes (cubes, right rectangular prisms, right circular cones, and right circular cylinders) to create a composite shape, and compose new shapes from the composite shape.
- **MAFS.1.G.1.3**: Partition circles and rectangles into two and four equal shares, describe the shares using the words halves, fourths, and quarters, and use the phrases half of, fourth of, and quarter of. Describe the whole as two of, or four of the shares. Understand for these examples that decomposing into more equal shares creates smaller shares.
- **SC.1.L.14.1**: Make observations of living things and their environment using the five senses.
- **SS.1.A.2.1**: Understand history tells the story of people and events of other times and places.

### Special Area Grading - CONNECT WITH ART

| CDE: 81-100 Grade Range which defaults to + (PLUS) on report card |
| The student uses art vocabulary to correctly identify and communicate about personal, other student and/or community art solutions; demonstrates appropriate safety, audience behaviors and respect for another’s work. |

| DEV: 61 – 80 Grade Range which defaults to ✔ (CHECK) on report card |
| The student uses limited art vocabulary and solutions to complete personal art or identify art in community information; knows how to respect the work of others and use appropriate audience and safety behaviors. |

| NDE: 0 – 60 Grade Range which defaults to ☐ (NULL) on report card |
| The student struggles to complete works or works hastily not understanding how to find solutions for personal art; may know art safety, but may not understand the concept of audience behavior or respect for another’s work. |

In addition to the listed benchmarks and standards, the following mathematical practices are required content:

- **MAFS.K12.MP.5.1**: Use appropriate tools strategically.
- **MAFS.K12.MP.6.1**: Attend to precision.
- **MAFS.K12.MP.7.1**: Look for and make use of structure.

Structural Elements of Art and Organizational Principles of Design

“When content limits do not specify the elements of art or principles of design, the following list may be used. The list is compliant with the overall content Florida’s state-adopted textbooks as of May 2014 and has been approved by state-level content experts.

NOTE: Concepts related to the listed elements and principles may be assessed under the umbrella concepts given. Examples are provided in parenthesis for reference but should not be taken as all-inclusive. Related, grade-appropriate concepts may be assessed as long as they are treated as a specific instance of a parent Element and Principle that is listed below.”

Elements of Art:
- Line
- Shape (organic, geometric, positive, negative)
- Form
- Color (hue, primary, secondary, etc.)
- Value (tint, shade)
- Space
- Texture

Principles of Design:
- Balance (symmetry)
- Unity (dominance, harmony)
- Variety
- Emphasis
- Pattern
- Proportion (scale)
- Movement
- Rhythm

General Rubric for Assessment of Conventions of Spelling, Punctuation and Grammar

4 Points
- Spelling of complex and simple words is correct.
- Effective use of punctuation guides reader through text.
- Shows mastery of grammar Sufficiently long and complex enough.
- Needs little or no editing.

3 Points
- Common words are correctly spelled. Spelling of more complex words is usually correct.
- End of sentence punctuation is always correct.
- Few mistakes with internal punctuation.
- May contain lapses in usage but not enough to distract the reader.
- Minimal editing required.

2 Points
- Some misspelling of common words.
- End of sentence punctuation is usually correct. Internal punctuation contains some errors.
- Text may be too simple to demonstrate mastery. Errors in usage may interfere with meaning.
- Significant editing required.

1 Point
- Frequent misspellings of common words.
- Incorrect or random use of end of sentence punctuation.
- Little or no internal punctuation.
- Infrequent or incorrect use of capitalization.
- Errors so severe that it is difficult to focus on meaning.
- Excessive editing required.

**ESSENTIAL QUESTIONS**

- How does imagery and symbols express ideas to share knowledge and create a personal story?
- How are art materials and tools used in a safe manner?
- How do people create and communicate information about their culture?

**Overview of Curriculum – Narratives for Grade 1: Q3s**

**WEEK 23-27**

**Connect With Art** is the current topic and students are continually assessed on the concepts included below as they create art.

NOTE: Art class time is 35 minutes per session during each of the 4-5 weeks of instruction, (about 5 ½ hours of elective instruction per each 9-week marking period of 45+/- days) or is dependent on the frequency of art classes for the elective schedule at the school. Each 35-minute class period includes instruction based on historical references about artists, their work, style of art, and art skills; time for students to respond creatively to the lesson; and time for clean-up.

While creating, art students learn to:

- Create works of art to tell a personal story.
- Demonstrate safety procedures for using art tools and materials.
- Create imagery and symbols to express thoughts and feelings.
- Discuss how different works of art communicate information about a particular culture.
- Describe ways in which artists use their work to share knowledge and life experiences.

A student producing work assessed as proficient would be able to demonstrate the ability to create narrative art (personal story) to express thoughts, feelings, and ideas using art materials safely and can explain how artists and people of other cultures use their work to communicate knowledge and information about their thoughts, feelings, and ideas.

**Assessed Content:**
- 1-26 Demonstrates art knowledge that represents specific cultures, time periods & places
- 1-38 Identifies original artworks and reproductions

**Florida Standards**
- SS.1.A.2.1 Understand history tells the story of people and events of other times and places.
- VA.1.H.2.1 Describe, compare/contrast difference, similarity, Media, Style
- VA.1.S.3.3 Use of structural elements of art
- Art criticism method: describe, analyze, interpret, decide

**Assessed Content:**
- 1-10 Works w/ tools & materials safely & appropriately
- 1-15 Follows clean up directions

**Florida Standards**
- ELD.K12.ELL.SI.1 English language learners communicate for social and instructional purposes within the school setting.
- MAFS.K12.MP.5.1 Use appropriate tools strategically
### CDE: 81-100 Grade Range which defaults to + (PLUS) on report card

The student continues to use art materials safely while creating art, knows how art is used in non-art content, and effectively compares artwork from different cultures for similarities and differences.

### DEV: 61–80 Grade Range which defaults to ✔ (CHECK) on report card

The student follows safety procedures during the creative process, has some understanding that art and non-art content can be related through art vocabulary, and identifies differences in styles and media of two cultures.

### NDE: 0–60 Grade Range which defaults to ❌ (NULL) on report card

The student usually follows safety procedures during the creative process, but struggles to identify similarities or differences in two cultures or to know what vocabulary can be used in both art and non-art content.

3 Points  
Student demonstrates an understanding of visual art concepts and/or procedures embodied in the task. The task is essentially correct with the visual art procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of visual art procedures or indications of some misunderstanding of the underlying artistic concepts and/or procedures.

*NDE: 0 – 60*  
Grade Range which defaults to ☐ (NULL) on report card

1 Point  
Student has demonstrated a very limited understanding of visual art concepts and/or procedures embodied in the task. The student’s response is incomplete and exhibits many flaws. Although the student’s response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete.

0 Point  
Student has provided a completely incorrect or uninterpretable response or no response at all.

Structural Elements of Art and Organizational Principles of Design

“When content limits do not specify the elements of art or principles of design, the following list may be used. The list is compliant with the overall content Florida’s state-adopted textbooks as of May 2014 and has been approved by state-level content experts.

NOTE: Concepts related to the listed elements and principles may be assessed under the umbrella concepts given. Examples are provided in parenthesis for reference but should not be taken as all-inclusive. Related, grade-appropriate concepts may be assessed as long as they are treated as a specific instance of a parent Element and Principle that is listed below.”

Elements of Art:
- Line
- Shape (organic, geometric, positive, negative)
- Form
- Color (hue, primary, secondary, etc.)
- Value (tint, shade)
- Space
- Texture

Principles of Design:
- Balance (symmetry)
- Unity (dominance, harmony)
- Variety
- Emphasis
- Pattern
- Proportion (scale)
- Movement
- Rhythm

General Rubric for Assessment of Conventions of Spelling, Punctuation and Grammar

4 Points
- Spelling of complex and simple words is correct.
- Effective use of punctuation guides reader through text.
- Shows mastery of grammar
- Sufficiently long and complex enough.
- Needs little or no editing.

3 Points
- Common words are correctly spelled.
- Spelling of more complex words is usually correct.
- End of sentence punctuation is always correct.
- Few mistakes with internal punctuation.
- May contain lapses in usage but not enough to distract the reader.
- Minimal editing required.

2 Points
- Some misspelling of common words.
- End of sentence punctuation is usually correct.
- Internal punctuation contains some errors.
- Text may be too simple to demonstrate mastery. Errors in usage may interfere with meaning.
- Significant editing required.

1 Point
- Frequent misspellings of common words.
- Incorrect or random use of end of sentence punctuation.
- Little or no internal punctuation.
- Infrequent or incorrect use of capitalization.
- Errors so severe that it is difficult to focus on meaning.
- Excessive editing required.
UNIT/ORGANIZING PRINCIPLE: Analysis and Evaluation

VISUAL ART – 5001020 Art - Grade 1

ESSENTIAL QUESTIONS

- What information is used to analyze art work using accurate art vocabulary?
- How do changes in application of media and/or techniques affect the art outcome?
- What safety guidelines need to be followed in the art room?
- What are the differences and/or similarities between art work, utilitarian objects and objects in nature?
- How are art ideas and/or media used in non-art content areas?

Overview of Curriculum – Narratives for Grade 1: Q4s

WEEK 32-36

Assess Art is the current topic and students are continually assessed on the concepts included below as they create art.

NOTE: Art class time is 35 minutes per session during each of the 4-5 weeks of instruction, (about 5 ½ hours of elective instruction per each 9-week marking period of 45+/- days) or is dependent on the frequency of art classes for the elective schedule at the school. Each 35-minute class period includes instruction on how to compare art works and talk about personal art, art created by artists and/or connections between the visual arts and other content areas; time for students to respond creatively to the lesson; and time for clean-up.

While creating, art students learn to:
- Gather clues to help interpret and reflect on works of art.
- Use various media or techniques to learn how changes affect the completed artwork.
- Distinguish between artwork, utilitarian objects, and objects from nature.
- Use accurate art vocabulary to communicate ideas about art.
- Demonstrate safety procedures for using art tools and materials.
- Identify connections between visual art and other content areas.

A student producing work assessed as proficient would be able to demonstrate the ability to differentiate and explain, using correct art vocabulary, the differences among art and objects and how various media contribute to the creative process; apply art materials safely; and identify connections between art and non-art content areas.

Lesson/Activities:
- Balance - masks
- Emphasis - paintings and in forms
- Unity - through word and

Gather clues to help interpret and reflect on works of art.
- Take inventory of objects, people or things in art work.
- Describe relation of objects, people or things to decide what is happening in the artwork

Assessed Content:
1-37 identifies examples of art that are symbolic
**Suggested Artists:**
- Leonardo DaVinci
- Joe Seaweed
- Rene Magritte
- Marc Chagall
- Cultural Motifs
- Stuart Davis
- Henry Moore
- Miriam Scharpiro
- Jacob Lawrence
- Faith Ringgold

**Math:**
- Place Value
- Measurement
- Data
- Time
- Addition and Subtraction-2 digit numbers
- Geometry

**English/Language Arts:**
- TBD

**Science**
- Earth’s Surface- Changes to Earth’s surface
- Properties of Matter
- Motion of objects- Forces and changes in motion
- Living and non-living things
- Process of living things

**Social Studies:**
- History
- Geography
- Civics and Government

**Florida Standards**

**Art:**

### LAFS.1.SL.1.1
Participate in collaborative conversations with diverse partners about grade 1 topics and texts with peers and adults in small and larger groups.

### LAFS.1.SL.1.3
Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.

**Use various media or techniques to learn how changes affect the completed artwork.**

- Use different media, sequence of procedures or layering.
- Alter placement of imagery and size relationships with different emphasis.

**Assessed Content:**

1-12 Applies different materials, techniques & processes on a variety of surfaces
1-16 Knows what materials, techniques, processes are used to create 2D & 3D art
1-17 Draws with chalk, crayon, marker, pencil on a variety of surfaces
1-18 Uses variety of painting tools and techniques (brush size, stroke pressure)
1-19 Paints with tempera, watercolor & fingerpaint on a variety of surfaces
1-20 Demonstrates printmaking process through monoprints & stamping
1-22 Demonstrates additive and subtractive forming techniques
1-23 Uses gluing and pasting to assemble 2D & 3D art works
1-24 Uses tearing, cutting, folding & fringe techniques

**Florida Standards**

### LAFS.1.SL.1.3
Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.

**MAFS.K12.MP.7.1:** Look for and make use of structure.

**Distinguish between artwork, utilitarian objects, and objects from nature.**

- Recognize difference in use between artwork and utilitarian object.

**Assessed Content:**

1-29 Distinguishes between functional and non-functional art
1-34 Compares works of art w/ non-art objects using appropriate vocabulary

**Florida Standards**

### SC.1.L.14.1
Make observations of living things and their environment using the five senses.

### SC.1.L.14.1
Identify connections between visual art and other content areas.

- Explain how art can be used in another subject in the grade-level classroom.

**Assessed Content:**

1-29 Distinguishes between functional and non-functional art
1-34 Compares works of art w/ non-art objects using appropriate vocabulary

**Florida Standards**

### SC.1.L.14.1
Make observations of living things and their environment using the five senses.

### VA.1.C.2.2
Observation Reflection Experiment

### VA.1.C.3.2
Aesthetic vs. useful/functional vs. natural or living organisms Parts of plants

### VA.1.H.3.1
Integrate, illustrate Art history/social studies, math, language arts, and/or science
Assessed Content:
1-9 Combines specific art elements & design principles to communicate an idea
1-35 Describes artworks using art elements & design principles
1-1 Creates works that celebrate and record communicate cultural heritage and personal events

**Use accurate art vocabulary to communicate ideas about art.**
- Know structural elements of art and organizational principles of design used in selected works.

Assessed Content:
1-35 Describes artworks using art elements & design principles

**Florida Standards**
LAFS.1.SL.1.1: Participate in collaborative conversations with diverse partners about grade 1 topics and texts with peers and adults in small and larger groups
MAFS.K12.MP.7.1: Look for and make use of structure.

**Demonstrate safety procedures for using art tools and materials**
- Repeat established safety procedures to ensure appropriate use of tools and materials.
- Know some materials are not suitable, by law, for K-8
- Know use and care of tools and materials.
- Review class procedures/notes on safety Q1 through Q4 and when necessary
  - MSDS Sheet info [http://dickblick.com/msds](http://dickblick.com/msds)

Assessed Content:
1-10 Works w/ tools & materials safely & appropriately
1-15 Follows clean up directions

### Special Area Grading - ASSESS ART

**CDE: 81-100 Grade Range** which defaults to + (PLUS) on report card

The student differentiates and explains, using correct art vocabulary, the differences among art and objects and how various media contribute to the creative process, applies art materials safely, and identifies connections between art and non-art content areas.

**DEV: 61 – 80 Grade Range** which defaults to ✅ (CHECK) on report card

The student identifies differences among art and utilitarian objects, uses limited art vocabulary to identify media changes or ideas communicated in outcome; knows that art and non-art content can be are related; follows art safety guidelines.

**NDE: 0 – 60 Grade Range** which defaults to ⬠ (NULL) on report card

The student recognizes media usage without description, explanation, or analysis of art process and outcome, identifies some non-art content as connecting to art, struggles to differentiate between art and objects; follows most art safety guidelines.

**LAFS.1.SL.1.3** Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.

**LAFS.1.SL.2.5** Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.

**MAFS.1.G.1.2** Compose two-dimensional shapes (rectangles, squares, trapezoids, triangles, half-circles, and quarter-circles) or three-dimensional shapes (cubes, right rectangular prisms, right circular cones, and right circular cylinders) to create a composite shape, and compose new shapes from the composite shape.

**MAFS.1.G.1.3** Partition circles and rectangles into two and four equal shares, describe the shares using the words halves, fourths, and quarters, and use the phrases half of, fourth of, and quarter of. Describe the whole as two of, or four of the shares. Understand for these examples that decomposing into more equal shares creates smaller shares.

**SC.1.L.14.1** Make observations of living things and their environment using the five senses.

**SS.1.A.2.1** Understand history tells the story of people and events of other times and places.

In addition to the listed benchmarks and standards, the following mathematical practices are required content:

- **MAFS.K12.MP.5.1** Use appropriate tools strategically.
- **MAFS.K12.MP.6.1** Attend to precision.
- **MAFS.K12.MP.7.1** Look for and make use of structure.

| **3 Points**              |
| Student demonstrates an understanding of visual art concepts and/or procedures embodied in the task. The task is essentially correct with the visual art procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of visual art procedures or indications of some misunderstanding of the underlying artistic concepts and/or procedures. |

| - Makes form(s) which generally lack structure |
| - Provides no recognizable detail(s) |
| - Shows little or no variety in surface(s) |
| - Shows little or no thought in developing form(s) |
| **1 Point**               |
| Student has demonstrated a very limited understanding of visual art concepts and/or procedures embodied in the task. The student’s response is incomplete and exhibits many flaws. Although the student’s response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete. |

| **0 Point**               |
| Student has provided a completely incorrect or uninterpretable response or no response at all. |

Structural Elements of Art and Organizational Principles of Design

“When content limits do not specify the elements of art or principles of design, the following list may be used. The list is compliant with the overall content Florida’s state-adopted textbooks as of May 2014 and has been approved by state-level content experts.

NOTE: Concepts related to the listed elements and principles may be assessed under the umbrella concepts given. Examples are provided in parenthesis for reference but should not be taken as all-inclusive. Related, grade-appropriate concepts may be assessed as long as they are treated as a specific instance of a parent Element and Principle that is listed below.”

Elements of Art:
- Line
- Shape (organic, geometric, positive, negative)
- Form
- Color (hue, primary, secondary, etc.)
- Value (tint, shade)
- Space
- Texture

Principles of Design:
- Balance (symmetry)
- Unity (dominance, harmony)
- Variety
- Emphasis
- Pattern
- Proportion (scale)
- Movement
- Rhythm

General Rubric for Assessment of Conventions of Spelling, Punctuation and Grammar

4 Points
Spelling of complex and simple words is correct.
Effective use of punctuation guides reader through text.
Shows mastery of grammar Sufficiently long and complex enough.
Needs little or no editing.

3 Points
Common words are correctly spelled. Spelling of more complex words is usually correct.
End of sentence punctuation is always correct.
Few mistakes with internal punctuation.
May contain lapses in usage but not enough to distract the reader.
Minimal editing required.

2 Points
Some misspelling of common words.
End of sentence punctuation is usually correct. Internal punctuation contains some errors.
Text may be too simple to demonstrate mastery. Errors in usage may interfere with meaning.
Significant editing required.

1 Point
Frequent misspellings of common words.
Incorrect or random use of end of sentence punctuation.
Little or no internal punctuation.
Infrequent or incorrect use of capitalization.
Errors so severe that it is difficult to focus on meaning.
Excessive editing required.
