Self-Paced Online Professional Learning Modules for Exceptional Student Education (ESE)

Below is a list of self-paced online course options for elementary school teachers designed to increase knowledge in instructing students with disabilities. The courses range from 2 to 8 ESE credits and cover a range of topics such as scaffolding, best practices, Universal Design for Learning, disability awareness, and accommodations. Register through MyPGS.

Target Audience - All K-5 teachers

Title	Contact and Extension	MyPGS Course #	ESE Credits	Description of Course
ESECR: Universal Design for Learning (UDL) Online Course	Jody Miller Ext. 23497	72506	3	Teachers will develop an understanding of Universal Design for Learning and digital learning. Teachers will become familiar with the framework of UDL and explore flexible curriculum and assessment options to increase learning opportunities for ALL students.
ESECR: Introduction to Disabilities Online Course	Essie Austin Ext. 38471	72505	3	Students with exceptional needs present with a wide range of disabilities. This section will cover characteristics of these disabilities that are included in the Individuals with Disabilities Education Act (IDEA).
ESECR: Accommodations for Students with Disabilities Online Course	Jennifer Gonzalo Ext. 23479	72507	2	In this course, you will learn the vital role accommodations play in ensuring student success with learning standards. These accommodations are required by the Individuals with Disabilities Education Act (IDEA).
ESECR: Best Practices for Meeting the Needs of Students with Disabilities in the Least Restrictive Environment Online Course	Tracy Flanagan Ext. 38372	71512	8	This course will introduce teachers to best practices for meeting the needs of students with disabilities in the least restrictive environment. This is a collection of resources and materials to be used by teachers to implement effective supports, problem solving and collaboration.
ESECR: Scaffolding Instruction to meet the Needs of Students with Disabilities Online Course	Tracy Flanagan Ext. 38372	72504	3	This course will introduce participants to instructional scaffolding and provide resources to assist with implementation of scaffolding for students with disabilities.
