

UPCOMING CONTEST:

AUGUST 15, 2017

Quentin L. Hampton Associates
presents

STEM SOLUTIONS by STUDENTS

A Volusia County-wide contest where students submit solutions to municipal challenges using Science, Technology, Engineering & Math (STEM) processes.

WHAT: Each municipality submits a real-world challenge for students to solve. Student-led teams receive teacher coaching.

Professionals in STEM field are available to answer questions and provide mentoring.

WHO: Volusia County High School Students
Volusia County Municipalities (Cities and the County)

WHY: Civic Engagement and Practical Experience

WHEN: Student kick-off August 15, 2017

HOW: Online info: www.volusiastem.net
